WELCOME LETTER

Dear colleagues,

We are delighted to invite you to the **11th European annual meeting of SERGS** that will be organized in **Sofia, Bulgaria on September 26-28, 2019.**

This event will be held under the auspices of the Medical University – Pleven in cooperation with the Bulgarian Association of Minimally Invasive Gynecological Surgery.

The motto of this meeting will be

BEYOND THE BORDERS WITH KNOWLEDGE AND INNOVATION.

Bulgaria is a leading country in innovations in various fields of technology in Eastern Europe and particularly on the Balkans. The well-educated manpower and the fruitful environment predisposed to direct adoption of latest IT solutions influence the development of many sectors, including the health system. Being a nation with sustainable policy in favor of patients shows care and devotion to research and use of new methods and good practices in treating people in need, as well as encourages the scientific attempt to support the daily dynamics in medicine.

SERGS 2019 is to welcome in Sofia representatives of the biggest and most influential municipal, state – regional and university, and private hospitals in Bulgaria, prominent health experts from various fields of medicine, key government officials related to the health sector, as well as students from all the medical universities around the country. The conference is to be promoted as a key symposium in the country for the upcoming year.

SERGS 2019 is to gather top experts from the Ministry of Health, Bulgarian Surgical Society, Bulgarian Medical Association, Bulgarian Association for Minimal Invasive Gynecological Surgery, Bulgarian Academy of Science due to the tight relations and close partnership of the local organizing committee with all these institutions on a daily or a project basis.

The exclusive attendance is to be energetically complemented by the best medical students around the country, who are constantly searching of a global know-how and innovative approach in medical research, development and practice. These are the key ambassadors of the progress we are all together breeding, expanding and sharing - constantly evolving and enthusiastically committed.

Please find below the offer for companies. We hope you will find an option that suits your expectations. In case you would prefer a different kind of package, do not hesitate to contact us.

On behalf of the organizing committee we invite you to join us at this great meeting.

We look forward to seeing you in Sofia and working together.

Prof. Grigor Gortchev
and Prof. Slavcho Tomov / Congress chairs
Prof. René Verheijen / SERGS president
